

Modification to Animal Study Proposal

**National Institute of Child Health and Human Development
Animal Care and Use Committee**

ASP # _____

Principal Investigator _____

Title: _____

DESCRIPTION OF PROPOSED MODIFICATIONS: Significant changes to an Animal Study Proposal (ASP) must be reviewed and approved by the ACUC. Significant changes include, but are not limited to, change in the overall aims or objectives of the study, change which may involve increased animal pain, distress, or discomfort; change in proposed surgery; increase in the number of animals to be used; change in species to be used; change in personnel; and addition of the use of hazardous agents. Explain the proposed modification(s) to this study. Include a brief description of the reasons for the change(s). For personnel changes, attach an *Investigator Training and Experience for Animal Studies* form and proof of Animal Exposure Surveillance Program (AESP) enrollment for each individual added to the ASP. Use additional sheets if necessary.
